

Pendant Lights, Dimmable Fluorescent T5 HO

Pendant Lights, Dimmable Fluorescent T5 HO

PW0239 For T5 HO 2x39 Watts

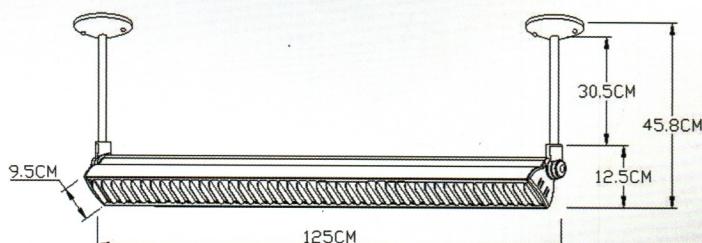

Dimmer:

- BD-A: max current load of 10 Amp
support up to 15 fixtures in 120 volt.
- BD-B: max current load of 16 Amp
support up to 24 fixtures in 120 volt.

- *One piece cast aluminum body-slim, strong and light weight
- * DEEP ROOF BF024D dimming ballast, 120-277 universal voltage, 98% High Power Factor
- *Three size pipe combination to provide desirable length in descending of fixtures from ceiling-6", 12" and 24"
- *Easy open louver
- *High Efficiency Reflector, Lumen higher than 7000(Brand Name Lamps)

PW0254 For T5 HO 2x54 Watts

Dimmer:

- BD-A: max current load of 10 Amp
support up to 11 fixtures in 120 volt.
- BD-B: max current load of 16 Amp
support up to 17 fixtures in 120 volt.

- *One piece cast aluminum body-slim, strong and light weight
- * DEEP ROOF BF016D dimming ballast, 120-277 universal voltage, 99% High Power Factor
- *Three size pipe combination to provide desirable length in descending of fixtures from ceiling-6", 12" and 24"
- *Easy open louver
- *High Efficiency Reflector, Lumen close to 9000(Brand Name Lamps)
